

Set Grade Students will see on Institution Page

This will average the percents of all the columns selected. It will use a percent like 30 points out of 40 is 75% and 9 points out of 10 is 90%. It will average 75% and 90% and they are weighted equally.

1. Click down on Grade Center and click <Full Grade Center>

2. Click the arrow down beside the column name you want displayed for students.
3. Click <Set as External Grade>.
4. Students will need to place this module on their Institution page.
