

How To Edit Video Link's Path

This documentation will cover **How to Edit Video Link's Path** in your Blackboard Course that do not display correctly. For example, when clicking on a Windows Media (Large) video for ART100, and you get a dialog box for logging into Outlook or an error message telling you that the page cannot be displayed.

1. Once you have logged into your Blackboard (**Using Mozilla Firefox Browser**), click on your **Course** that you want to edit. For example, if you teach ENG092 Course, you would click on ENG092.
2. Click on **Content** in the **Course Menu**.
3. On the **Content** page, click on the **Title of the Course** you want to edit. For example, in the diagram below, **Course Presentation Materials** link is the Title of the Course.

How To Edit Video Link's Path

7. Go back to your **Course Title (Course Presentation Material)** link that you were previously at in your Course. Scroll down in the **Content Information** till you get the **Video Title**. For example, the video Title in the diagram above is **Course Presentation Materials**. Once you see the Title for the video, you will see the video links for **Flash (Large), iPad, iPod and iPhone, MP3, (Audio Only), and Windows Media (Large)**.
8. **Highlight** the whole link that you want to edit. For example, the diagram below shows **Windows Media (Large)** has the **View...** link highlighted.
9. Once the link is highlighted, click on the **Insert/Edit Link** .

Edit Item

A content item is any type of file, text, image, or link that appears to users in a Content Area, Learning

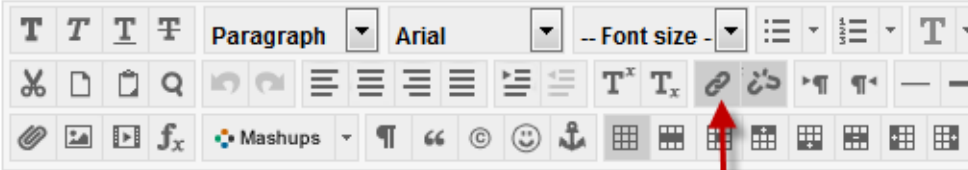

* Indicates a required field.

1. Content Information

* Name

Color of Name Black

Text

MP3 (Audio Only)	2.83 MB	View...
Windows Media (Large)	3.46 MB	View...

Red arrows point from the 'View...' links in the table to the link icon in the toolbar.
