## **Overview:**

- Faculty member uses Connect to create online materials, exams, etc for students.
- Connect is based on the text book used, instructor simply chooses the textbook and all materials, assignments, etc. are available.
- Connect materials are created and stored on the McGraw Hill Connect website. A link to the website is placed in Blackboard. Students access Connect through their Blackboard course.
- Gradebook information is available in Blackboard, systems connect and communicate back and forth.
