How To Login To Blackboard

To Log into Blackboard
1. Go to www.wallace.edu and click on BLACKBOARD link located at the top of the page. Or, you can go directly to Blackboard using http://courses.wallace.edu.

2. Click on Username text box, and type your username. Your username is your Student ID.
3. Click the Password text box, and type your password. The default password is your date of birth in 6-digits (mmddyy).
4. Click on Login button to log into Blackboard.
5. After you have logged in, you should make sure you update your Email address immediately! You can update your Email address using this link: Updating Your External E-mail

Note: If you are having trouble logging in, click Forgot Your Password. If you’re still having trouble logging in, please call (334) 556-2464 for further assistance.

6. Once you have updated your Email Address, you will need to learn how to use Blackboard.

7. You can do this by choosing eLearning Training from your list of courses. The eLearning Training will help all Students use the Blackboard Learning Management System, even those not taking online courses.
